TEACHERS' EXAMINATION

The regular teachers' examination will be held at Marble Hill, June 3 and 4.

All applicants for either certificate or renewal of certificate will be required to pass satisfactory examination on the reading Circle work. The examination on this work will be given on Saturday in the afternoon. Those who attend an approved summer school do not have to take the examination on the professional work.

Wilbur M. Welker,
County Superintendent.

"GOD GIVE US MEN"

We don't need men, we know and have a balance sufficient to be these, with results like wiping out the Allies war debt to bickering states, whose taxes is the United States. The value of the phosphorus is \$4,236,105,702, discord and strife did more men digging taters. We don't need or about one-eighth that of the men whose ideals of Bolsheviks nitroglycerine. To replace the poison of the seven inches of Missouri soil so present prices would require \$25,123,654,400. The total value of the nitrogen, phosphorus and potassium in the surface soil of Missouri is \$300,270,064,270. This is the wealth that will provide food, clothing and prosperity to the generations yet to come.

BLAYLOCK-BOLLINGER

Harold Blaylock and Miss Lydia Bollinger were married here at the probate office Wednesday morning, May 26, by Judge Joseph F. Feenock. Floyd Bollinger, a cousin of the bride, and Esther Blaylock, a sister of the bridegroom were the witnesses. After the ceremony, the young couple went to the home of the bride's father where the wedding may be learned.

LEEPER CITIZEN COMMITS SUICIDE

Henry Johnson, for several years a highly respected citizen of Leeper and vicinity, committed suicide by shooting himself in the head with a 25 caliber rifle at his home in Leeper last Friday morning. He was 67 years old.

At the time of the tragedy his wife was the only member of the family present. Mr. Johnson requested his wife to go to a neighbor's to get some buttermilk and immediately after she reached the porch on her way to the neighbor's she heard the report of the gun and rushed into the house where the body of Mr. Johnson was found on the floor with the gun by his side.

A coroner's jury was empaneled by John W. Young, acting coroner, which after investigation turned a verdict of suicide. No evidence as to the reason for the act was discovered. The family of Mr. Johnson state that he had been despondent for several months, due to bad health.

Wayne County Journal

NOT AN ACORN

When James A. Garfield was president of Hiram college, a man brought up his son to be entered as a student. He wanted the boy to take a course shorter than the regular one.

"My son can never take all those studies," said the father. "He wants to get thru more quickly. Can't you arrange it for him?" "Oh, yes," said Mr. Garfield. "He can take a shorter course; it all depends on what you want to make of him. When God wants to make an oak, He takes a hundred years, but He takes only two months to make a squash."

The land area of Missouri is 43,985,280 acres. The seven inches of surface soil for this area contains nitrogen valued at \$44,008,904,388 a sum sufficient to pay

parents, where a sumptuous dinner was served to a large assembly of guests.

The bride is a daughter of W. R. Bollinger of Sedgewickville. She is an estimable young lady and has many friends. The bridegroom is a son of Mr. and Mrs. T. L. Blaylock of Route 1 and is an industrious and energetic young farmer. He is at present working on his father's farm, when he and his bride will make their home until August 1. At that time they will move to St. Louis, where Mr. Blaylock will assume his former position as foreman in the shipping department of an electrical supply company.

A party will be given the couple tonight at the home of the bridegroom's parents, Perryville, Republicans.

MAN KILLED BY DYNAMITE
Claude Lynn, aged 21 years, was killed while blowing stamps on the Malden-Roxie road on Thursday, May 22, about one o'clock p.m.

The accident occurred east of Roxie and was witnessed by Jim Miller and Jack Stark, fellow workers.

Mr. Lynn had been using 12-inch tires and was running 60 miles per hour when the accident occurred, and had three sticks of 60 per cent nitro-glycerine. He was blown about 40 feet in the air, right side of face and eye blown away, right leg badly broken from ankle to knee. A most peculiar incident was that when picked up he had three sticks of dynamite in his hand that did not explode.

It is stated that the uniformed man always seemed to be very careful when handling dynamite and it is not known what caused the premature explosion.

The body was taken to Parsons where an inquest was held in the mayor's office.

Deceased is survived by a wife and one child to whom the public extends sympathy. - Malden Merit.

Z. A. HUTSON RUN DOWN BY AUTO

News reached Marble Hill yesterday Wednesday evening that Z. A. Hutson, owner of P. J. Estes had had a发事 during the run down the street, and was taken by some maid from Sedgewick and appears to have been seriously injured. C. R. and J. L. Estes, brother and Charles E. Frank and Willard Estes were over there yesterday afternoon. It was understood that he would undergo an examination by the physician X-ray machine when the extent of the injuries may be learned.

CELEBRATE THE 4TH ON THE 2ND

Big Celebration and Old Fashioned Barbecue on College Campus

Proceeds to Go to the College Building Fund

The citizens of Marble Hill and Lutesville met at the courthouse at 8 o'clock, May 30 and organized by electing Rev. T. H. Jenkins chairman, and L. J. Grimes, secretary.

After the proposition of celebrating the Fourth of July in an appropriate manner was discussed it was decided that Will Mayfield College give a picnic on the College campus on July 2, 1921. The Fourth being Monday it was considered best to have the picnic on Saturday for use it would relieve the good housewives of doing the necessary cooking and making other preparations on Sunday and a great many people will prefer attending it on Saturday.

On motion it was ordered that the proceeds of the picnic be placed in the building fund of the college.

On motion it was voted to start a managing committee and Mr. Hopkins was also elected chairman of dinner management.

Planning committee, D. B. Hill,

F. A. Wiggs, J. H. Wiescauer,

Rev. T. H. Jenkins and Prof. A. F. Hendricks.

Committee on Grounds, W. E. Dickey,

Mrs. Mrs. J. A. Mechan, chairman.

Program, W. M. Wiggs, chairman.

Entertainment, L. L. Allen, chairman.

Order, Sheriff A. J. Baker and

Coach Underwood.

On motion it was decided not to sell concessions of any kind.

Attest:

J. J. Grimes, T. H. Jenkins, Chairman.

See Meeting.

It is the purpose of the citizens of our town to give the people an opportunity to enjoy a big Fourth of July celebration and they may be sure that no expense or effort will be spared to make their celebration and give them a whole day of enjoyment. Make your arrangements to attend this celebration on Saturday, July 2. Bands and programs will be presented in due time.

30x3½ Standard Non-Skid Tire

This new low price is made possible by strictest economies and specialized production.

Plant No. 2 was erected for the sole purpose of making 30x3½ inch Non-Skid fabric tires.

With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis.

All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

Firestone Cord Tires

Tire repairmen, who judge values best, class these tires as having the sturdiest carcass made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

30x3½-inch Cord	- -	New Price \$24.50
32x4 "	"	46.30
34x4½ "	"	54.90
